| | |
|---|---|
| **Footprint** | 8ft x 12ft framing (4-person; scaled from 9x16 / 8-10 person reference) |
| **Changing** | ~4ft x 7ft6in |
| **Hot room** | ~7ft6in x 7ft6in (~420-450 cu ft finished) |
| **Benches** | Two-tier L on high wall for 4 |
| **Walls / roof** | 2x6 @ 16in, Rockwool R-23, board and batten to match house; 2.5:12 shed, shingles |
| **Stove** | NIPPA WB-15 or Harvia M3-class wood stove, fired from OUTSIDE through south wall; chimney clear of house eaves |
| **Foundation** | PT skids on pier footings / small deck extension over east slope |
| **Windows** | Tempered picture window(s) in hot room facing east view |
| **Clearances** | Per stove manual; combustible eaves clear of chimney; heat shields on thru-wall |
| **Alt spot** | If east slope piers impractical: north wrap-deck east corner, or pad between house and SE gym barn |
| **Est. cost** | $12,000 – $22,000 (estimate) |

Primary site: east of inset side deck / cold plunge on slope pier deck.

# Primary bath fit

Primary bath drawn ~10.83x8.17 ft; listing gives no bath dimensions.

## Paint palettes

- **Warm greige** — walls Benjamin Moore Edgecomb Gray (HC-173) or similar; trim Simply White. Calm, pairs with vaulted wood ceiling
- **Soft sage** — walls Benjamin Moore October Mist (1495) or similar; trim White Dove. Quiet green; keeps wood accents warm

# CrossFit gym plan

Rear SE pole barn · modeled 30x40 (MLS may be 35x40) · ceiling ~9ft6in · **4 stations**

- Rig/rack wall with pull-up bars (4 stations)
- Lifting platforms under stations
- Cardio bay: Peloton, rower/SkiErg, treadmill
- DB/KB storage + bumper plates
- Wall-ball target
- Open floor for conditioning

**Envelope:** Insulate + plywood walls; rubber floor (barn only); mini-split; bright LED; keep overhead + man door for airflow

**Ceiling:** 9ft6in tight for rope climbs. Default: no rope climb; wall-ball to ~9ft. Optional raised-truss bay later (costly). Use existing gear.

## Still to verify

- East-slope pier/frost design and stove clearances to eaves.
- Primary bath field measurements (size unlisted).
- Barn exact size (30×40 vs 35×40) and ceiling clear height.
- What sits above the primary; upper south overhang.
